

Matthias Bergner

Managing Director, Head of Group Treasury

- Before joining DZ Bank in Oct 2024 as Group Treasurer, Matthias joined from Standard Chartered Bank in London leading the global Liquidity Risk Management, Interest Rate Risk Management and Funds Transfer Pricing functions since early 2023.
 - Until early 2023 he was with Deutsche Bank where he most recently ran their Financial Resource Management & Strategic Corporate Lending teams of the Corporate Bank division based in Frankfurt. Earlier, he was Treasurer for the Americas Region based in New York and before that he was responsible for the group-wide Asset & Liability Management based in Frankfurt. Matthias very much enjoys the complexity that comes with an internationally active, heavily regulated banking group – and the organisational, functional and cultural aspects of the work.
