

## Richard Francis

President and Chief Executive Officer, Member of the Board of Directors Teva Pharmaceutical Industries

As Chief Executive Officer, Richard Francis is leading Teva to a new strategic path for growth by driving great science from the clinic to the patient to provide life-changing medications around the world. Mr. Francis assumes the role of Teva CEO with a compelling track record of growing businesses in the life sciences, biologics and generic drug sectors and is known for his entrepreneurial and pragmatic leadership style. He is passionate about people and culture and has a reputation for building talented teams that achieve remarkable results. Mr. Francis brings over two and a half decades of experience to his position, including five years as the Chief Executive Officer of Sandoz and a member of the Novartis Executive Team. Prior to that, Mr. Francis also spent 13 years as a senior executive at Biogen where he held multiple global assignments and rose through the ranks to become President, SVP, of the U.S. business, leading the company through multiple successful commercial launches, including Tecfidera® to treat relapsing multiple sclerosis in 2013. Mr. Francis has deep experience bringing to market best in-class-therapeutics, innovative medicines and complex generics. As an avid sports fan, Mr. Francis understands the importance of taking a team approach to drive impactful growth. Mr. Francis has a demonstrated history of delivering sustained business success and leading cultural change in the pharmaceuticals industry. He holds a Bachelor of Arts in Economics from The Manchester Metropolitan University.
